(Please photocopy this form. This form must accompany all Monogram orders.)

Dealer Name _____	Purchase Order No. _____
Sales Representative Name _____	Date _____
Upholstered Item _____	Quantity _____

1. Circle font style number

2. Circle thread color

3. Arrangement: Horizontal Vertical

4. Specify the location of the monogram e.g., inside back of cushion or top of cushion. (Standard placement of centering on the designated surface will be used unless specified otherwise.) _____

5. List the character (letter or number) in the order they should appear (left to right or top to bottom). _____

6. Select the size of each character. They may be the same size or staggered. (Note: 5" is the standard height. The minimum is 3/4". For anything over 5" a Special Construction quote must be requested for availability and up-charges.) While the max size letter is 5" high, we may have to scale one or more of the letters down a bit so 3 letters still fit in a max 10 3/4" width. It depends on the font style chosen and the format (i.e.: all the same size letters, all caps, etc). If specifying all 3 letters at 5" and this exceeds the 10 3/4" overall width, the monogrammer will use their discretion in determining how to adjust the monogram to fit within the 10 3/4" (typically by making the center letter 5" and scaling down the letters on either side to fit).

7. UPPER or lower case: _____

Character 1	Character 2	Character 3	
UPPER	UPPER	UPPER	Character 1
lower	lower	lower	Character 2
			Character 3
